About Me

A recent Bachelor of Information Systems graduate from Duta Wacana Christian University (DWCU) with a specialization in web development. Possessing practical experience in building congregation management systems using Laravel and Bootstrap framework. Driven by a passion for learning new things, I am continuously developing my skills and knowledge in web development. Accustomed to working in teams and possessing strong problem-solving abilities.

Education

Duta Wacana Christian University   (Aug, 2018 – Jul, 2024)
GPA: 3.54 / 4.00
Bachelor of Information Systems
I was a student majoring in Information Systems with a strong interest in web development. During my studies, I was actively involved in various committees and organizations, which helped me develop leadership skills and teamwork.
